FOR ONCE, EVERYONE IS ASKING ME WHERE MY GLASSES ARE.

As your eyes mature, they may be more prone to sight-threatening cataracts, macular degeneration or glaucoma. The great news is, for most conditions, your Clarus doctor can help you see more clearly. Here in our community, get trained at some of the most respected eye institutes in the country. Come see for yourself what thousands of patients have already found—the Clarus difference.

LASIK & REFRACTIVE SURGERY
 CORNEAL & RETINAL DISEASES
 GENERAL & SPECIALTY EYE CARE

 EYE CENTRE

LACEY • 360-456-3200 • WWW.CLARUSEYE.COM

FROM SKINNED KNEES TO STUBBED TOES, THEY LOOK UP TO YOU.

A band-aid and a kiss can fix most any problem. Except when it comes to your vision. Trained at some of the most respected eye institutes in the country, Clarus doctors deliver comprehensive eye care for your entire family. From preventive care for younger eyes to corrective surgery for more experienced baby blues, come see for yourself what thousands have already found—the Clarus difference.

WELCOME TO THE SAFEST WAITING ROOM IN TOWN.

When it comes to their vision care, doctors choose Clarus. Why? Perhaps it's because Dr. Jay Ruedd is the only fellowship-trained refractive surgery specialist in the area. He uses the most advanced techniques and technology available, including CustomVue LASIK. Which is why you may occasionally see your doctor sitting next to you in our waiting rooms.
